

User Centric Project HTML/CSS Testing
Jessica Bennett

Test	Error Type	Issue	Solution
Validator.w3.org	Error	The type attribute is unnecessary for JavaScript resources.	Type removed
	Error	The document is not mappable to XML 1.0 due to two consecutive hyphens in a comment.	Additional hyphens in comments replaced with =
	Error	The element a must not appear as a descendant of the button element.	Button removed from portfolio section, and <a> styled as button.
	Warning	Document uses the Unicode Private Use Area(s), which should not be used in publicly exchanged documents. (Charmod C073)	No action - advice taken from: https://stackoverflow.com/questions/23978976/fontawesome-usage-displeases-w3c-validator
jigsaw.w3.org/css-validator/validator	Error	Property margin-inline-start doesn't exist : 40px	Syntax was originally taken from Google Dev tools (user agent stylesheet) and amended. Have replaced with margin-left.
	Warning	-webkit-backface-visibility is an unknown vendor extension -webkit-backface-visibility is an unknown vendor extension :-webkit-autofill is an unknown vendor extended pseudo-class -webkit-box-shadow is an unknown vendor extension -webkit-text-fill-color is an unknown vendor extension :-ms-input-placeholder is an unknown vendor extended pseudo-class ::-ms-input-placeholder is an unknown vendor extended pseudo-element	No action – advice taken from: https://stackoverflow.com/questions/52490004/what-are-all-of-these-w3c-css-validation-warnings-about
